

FOR IMMEDIATE RELEASE

GSE SYSTEMS SET TO JOIN RUSSELL MICROCAP® INDEX

Sykesville, MD – June 16, 2016 – GSE Systems, Inc. (“GSE” or “the Company”) (NYSE MKT: GVP), the world leader in real-time high-fidelity simulation systems and training solutions to the power and process industries, today announced that it is set to join the Russell Microcap® Index at the conclusion of the Russell US Indexes annual reconstitution, effective after the US market opens on June 27, according to a preliminary list of additions posted on June 10, 2016.

Membership in the Russell Microcap® Index, which remains in place for one year, means automatic inclusion in the appropriate growth and value style indexes. FTSE Russell determines membership for its Russell indexes by objective, market-capitalization rankings and style attributes.

Kyle J. Loudermilk, Chief Executive Officer and President of GSE, said, “Inclusion in the Russell Microcap® Index is a notable milestone for GSE and reflects our recent operational improvements, strengthened leadership team, and new business wins. We believe our membership in this index will raise GSE’s profile among members of the financial community and bolster share liquidity as we continue to execute on our growth strategy.”

Indexes provided by FTSE Russell, a leading global index provider, are widely used by investment managers and institutional investors for index funds and as benchmarks for active investment strategies. Approximately \$6 trillion in assets are benchmarked against the Russell US Indexes.
